

## REMARKS

Claims 2-9, 11-14, 16, 17, and 19-23 are pending. Applicants have amended claims 21 and 23.

In the Notice of Allowance and the Examiner's Amendment mailed on April 16, 2007, Examiner allowed all pending claims. Applicants seek to clarify statements made in the Examiner's Amendment, as authorization for two of the Examiner's amendments was not provided.

Applicants believe that a typographical error has been made with regard to Examiner's Amendment 1(c), in that the statement "In Line 4 of Claim 21" should have read "In Line 4 of Claim 23", as Claim 21 does not contain the word "keywords." Applicants have amended claims 21 and 23 accordingly.

In addition, as Examiner Hicks and Brenda Simon discussed on April 16, 2007, Applicants had authorized the amendment "receiving at least one query result based at least in part on the implicit search query" after "keywords" in claim 23. Also, in claim 23, Amendments have corrected an antecedent basis issue by amending the last element of claim 23 to recite "weighting at least one of the keywords included in the query and the at least one query result..."

The amendment after allowance is intended to correct the errors and obviate the need for certificate of correction. The amendments do not add new matter. Furthermore, the amendments are being submitted prior to the payment of the issue fee for the above-identified application. Accordingly, Applicants respectfully request that this Amendment be entered under 37 CFR §1.312.

Applicants respectfully invite Examiner to contact Applicants' representative at the number provided below if Examiner would like to discuss further.

Respectfully Submitted,  
NINIANE WANG
